Our markers are guaranteed to rust.

Harrison monuments are made of cast iron. When cast iron oxidizes it forms a tough, protective coating. Rust. Nature's paint!

Past generations have proven how effective this protection has been for preserving anything made out of cast iron. Other metals corrode, flake apart and self-destruct

Harrison's have been designed to resist side thrusts and soil shifts —to be magnetic —to break off when struck (leaving the base in position).

But the prime element of their design is 100% cast iron which rusts, giving you the most permanent magnetic marker possible.

When you invest so much into locating a corner, why put less than the best into it? Mark it with the best: a Harrison, protected with nature's paint—rust!

EDITOR'S COMMENTS

Many hours of work go into each issue of the *Hoosier Surveyor* as only Ken Curtis can adequately testify. In addition, many more hours are required when a roster is involved (as I can testify, having prepared the last three rosters). I would like to take this opportunity to thank everyone involved in this combination *Hoosier Surveyor-Roster* issue. Larry Manning, chairman of the Membership Committee, and Dan Pusey, chairman of the Publications Committee deserve special thanks. Larry designed the new format used in this roster and along with Dan, gave us some sorely needed ideas and input for the issue. Roger Woodfill sent me a number of articles and publications that will be incorporated into future issues. Jake Hall is working on computerizing the membership roles on United Consulting's computer. This will be extremely valuable in preparing future rosters and in the zip code sorting required by the Post Office for our bulk mailings. Office secretary, Peggy Archer, deserves special thanks for her extremely efficient preparation of typewritten copy used by the printer in typesetting the roster. In addition, Peggy contacted nearly the entire membership (Members) to verify our records for the roster and to extend our offer of a listing in the "Professional Services Directory" for a fee of twenty dollars. This program proved extremely successful as nearly 1200 dollars was raised. This money represents a Membership Committee effort to raise funds for the printing of the roster, since no money was available in the ISPLS budget this

year for a roster. I hope no one has been left out in my thanks, but if so, I'll "catch you next time".

We have gone to a great deal of effort to verify the accuracy of the information in the roster. If you find any errors, let us know and we will correct them next time. We regret and apologize for these errors here, ahead of time, since we know there will most likely be some (as there always are in any publication of this type).

Please read the article on the ISPLS Scholarships. We have set up a new method of funding and operating the scholarships in order to benefit *you* by allowing contributors to legally claim the applicable tax credits. Now is the time to make your donation!

Check over the Preliminary Program for the 1983 Convention to be held in Champaign, Illinois at the Ramada Inn (same location as our 1974 Bi-State convention). The program committee has put together an extremely strong program...there is something for virtually every interest. Send your registration in and we will see you there!

Give us some input! We will be needing articles, membership information, advertising, etc. I firmly believe that every one of us has dealt with a unique surveying project or problem that would interest the rest of us. Put it in writing and send it in...or I will be contacting you sometime and asking for an article.

ISPLS SCHOLARSHIPS — A CALL FOR DONATIONS

The Indiana Society of Professional Land Surveyors, Inc. has had an account created in its name for the distribution of scholarship funds at Purdue University. Plans are for the formation of a similar account at Vincennes.

In order that members of ISPLS may take full advantage of the Federal and State tax credits, funds for scholarships have been removed as an item in the society budget. Persons wishing to donate money to the scholarship funds will now write their checks to the university of their choice (Purdue or Vincennes) and forward them directly to that university. As a result, donors will be able to claim the applicable tax credits.

Criteria for the selection of scholarship recipients have been made for students of Purdue Main Campus. ISPLS will notify the University of the society's selection after interviews are conducted early this coming spring by the Education committee.

The account at Purdue allows the option of designating any Purdue regional campus, in addition to the main campus, as the recipient of funds for a scholarship. ISPLS will establish criteria and conduct

interviews for the selection of scholarship recipients at any campus for which adequate funds have been donated.

Those wishing to donate money towards the Scholarship at Vincennes should make their checks out to "Vincennes University, Surveying Scholarship Fund" and send them to:

Foundation Office
Vincennes University
Vincennes, Indiana 47591

Those wishing to donate money towards the fund at Purdue should make their checks out to "Purdue University". They should attach the check to a letter identifying 1) the ISPLS Scholarship Fund and 2) the specific Purdue campus to which they wish their funds be credited. The letter and check should be sent to:

Division of Financial Aids
ATTN: Ann Lyons
Purdue University
West Lafayette, Indiana 47906

A CONVERSATION WITH LUTHER R. CONDRE

Luther R. Condre
ISPLS Board Member

On October 18, 1982, Governor Robert Orr appointed ISPLS member Luther Condre to the Professional Engineers and Land Surveyors Registration Board. Luther will be filling the vacancy created by the resignation of Robert Meek of Greensburg. His term will expire in June 1983, although the Governor may reappoint him at that time.

Aside from being a long-time member of ISPLS, Luther is a member of ACSM and the Central Indiana Chapter of ISPLS. In 1980, Luther was appointed a Sagamore of the Wabash. He is a member of Speedway Lodge No. 729 of the F. & A.M., the Ancient Accepted Scottish Rite, Valley of Indianapolis, the Murat Temple, A.A.O.N.M.S. of Indianapolis and is a Trustee for the Indianapolis-Marion County Building Authority.

The following is from a conversation with the Editor of the *Hoosier Surveyor*:

"As a member of the State Board of Registration, I took an oath to uphold the Constitution of the State of

Indiana and the rules and regulations of the Board. Within those constraints, I will work to improve lines of communication with those engaged in our profession and consider, then respond to all questions appropriate to my Board responsibilities.

My primary goal is to serve on the Board in such a manner that will bring not so much pleasure to myself as credit to all Land Surveyors."

Luther stated that he could be contacted by telephone at his home in the evenings or on weekends. (317) 291-4953

ANNOUNCEMENTS

ISPLS thanks **Roger Woodfill** for his very generous donation of a new refrigerator for the new ISPLS offices in the Superior Engineering Building. The old refrigerator, donated by **Dean Hamilton** several months ago, was too big for our new facilities.

Al McConahay, now with the Department of Building Construction and Contracting Technology at Purdue in West Lafayette, is requesting copies of any old and/or unique building plans for use as teaching aids. Copies of borrow pit, stadia survey, and other surveying notes would also be appreciated. Send them to Al at the address listed in this issue's roster.

For Sale: 75 year old Chicago surveying firm. **Price:** \$15,000 or best offer. Must sell. Includes 500+ field books with accompanying plats, section sheets and engineering layouts; assorted surveying equipment; office furniture; miscellaneous office supplies; customer files. Available immediately. Clear title with sale. Open house Sat., Jan. 8, 1983. For more information contact Chris Burda, 2503 Debonair Terrace, Indianapolis, Indiana 46224. "FOR THE RECORD"
News about our Members

Roger Woodfill, former president of ISPLS (1978), has been nominated for the office of Vice-President of the National Society of Professional Surveyors. Traditionally, the vice-president is elected president without opposition the following year. NSPS currently has a membership of 6000 and affiliate societies in 49 states. Roger has been a member of NSPS and its predecessor the Land Surveys Division of ACSM throughout his professional career. He is currently Area 5 Director on the Board of Direction of NSPS. He was elected to his second term on the six-man Executive Committee a year ago. Roger has chaired the Education, University Accreditation and Political Action Formation Committees in recent years. ISPLS is proud to have such a progressive, influential professional in our midst.

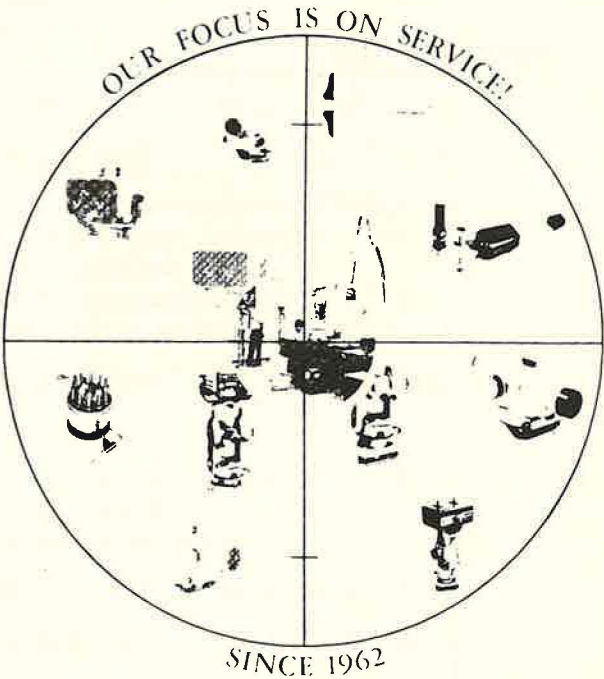

M. Neil Franklin, another former ISPLS president (1967), was made an Honorary Member of the society by unanimous vote of the Board of Directors at its July meeting. Neil, one of the original owners of Mid-States Engineering in Indianapolis has been a resident of Buda, Texas for the past few years. He remains active in the affairs of ACSM and NSPS and is currently on the ACSM Board of Directors.
